Clear and tinted cassettes have a flat print area within the ridged frame. You can print the entire standard print area, just mind the spool holes.

Please maintain our standard image size of 5”x 5” & 1000 dpi

Standard print area: Please make sure your artwork is a minimum of 6 pixels thick with 6 pixels of space between the lines

COLOR 1: COLOR 2:
Do not merge your art into the template! It must be in its own layer.

Artwork must be black regardless of selected pad print ink colour.

We recommend a minimum size 6 font to ensure legibility.
